Sub:- Baseless complaint made by residents of C-2/2314
- Reg.

Respected Sir ,

I came to know from officers of your department that a complaint has been filed against us by our neighbours residing at C-2/2314 and has complained that water gets dropped in their varanda premises while cleaning of railings of our balcony situated on the second floor . In this regard I state that the filed complaint is totally false and baseless as the water falling from the balcony goes to the planter of horticulture Dept adjacent to their house and never goes to their house premises. It is further stated that the complainant, Ms Pinki has filed such baseless and false complaint just to harass me and my family and also she along with her family are habitual complainants and have been harassing all the occupants of our entire building and all the residents have been victimised of her harassment tools .

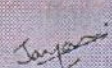

It is humbly submitted that suitable action may be taken against her for filing baseless and false complaint against me which has lead to mental agony and pain for me. It is again prayed that she should be stopped from using her harassment techniques so that surrounding neighbours may be saved from harassment and mental torture.

I have taken the signatures of all the victimised neighbours as a proof of their concurrence for the same. Hence we all residents request to your good self to take suitable action against her and oblige.

Thanking you in anticipation

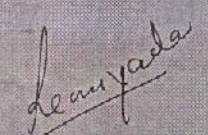

Your's Faithfully,

Bhavna Yadav
